

Employment Opportunity Traffic Signal Technician

phoenix.gov/jobs

City of Phoenix

ABOUT THIS POSITION

This position installs, maintains, troubleshoots, and repairs electrical/electronic traffic signal control devices and systems in the field. Primary duties include troubleshooting and repairing analog, digital and microprocessor equipment to the component level, and using and maintaining computer databases and intelligent transportation system (ITS) equipment. Currently there are multiple vacancies in the Street Transportation Department. Vacancies are anticipated throughout the life of the eligible list.

RECRUITMENT DATES

Recruitment may close when we have received a sufficient number of qualified applications.

SALARY

\$23.51 - \$28.69 hourly / \$48,901 - \$59,675 annually.

JOB REQUIREMENTS

- Two years of experience working with traffic signal control or process control devices.
- An associate's degree in electronic technology or graduation from a recognized electronic specialty program.
- An equivalent combination of related experience and education may be considered.
- Moving objects weighing up to 50 pounds may be required.
- Requires the ability to distinguish the full spectrum of colors and work at heights up to 40 feet.
- Requires working outside in a variety of environmental extremes such as heat, cold, rain, air pollution, and dust.
- Requires working with voltages as high as 220 V AC.

HOW TO APPLY

Apply online by completing the required information and attaching your cover letter and resume. Please include your experience as it relates to the qualifications stated above.

YOUR COVER LETTER AND RESUME, PLUS ANY OTHER REQUESTED MATERIAL, MUST BE IN ONE ATTACHMENT. Only online applications are accepted for this position. The results of the resume screening process will be sent to your primary email address.
