

ITS Arizona 24th Annual Conference
Building Smart Infrastructure

September 27-28, 2017 – Mesa, Arizona
Mesa Convention Center, Building C

This year's ITS Arizona Annual Conference will be held on Wednesday, September 27 and Thursday, September 28, 2017 at the Mesa Convention Center, Building C, located at 263 N Center Street in Mesa, Arizona. The theme of this year's conference is ***Building Smart Infrastructure***.

ITS Arizona is looking for potential presenters who may have a project or program, either in the planning stages or currently deployed, which falls within one of the following categories:

- ITS Performance Measures
- Innovative Communications
- Innovative Funding Sources
- Improving Highway Safety with ITS
- Traffic Management Centers & Improving Operations
- Expanded ITS Applications
- ITS Public Outreach and Communication
- Freeway and Arterial ITS
- Rural ITS
- ITS for ADA Accommodations

Other presentations will be considered; however priority will be given to abstracts which fall within one of the ten categories listed above.

This two-day conference will have a limited number of presentations. **If you are interested in presenting your work to other transportation professionals, please submit a 200-word abstract via our website (www.itsaz.org/conference).** The deadline for abstract submission is Friday, July 7, 2017.

You are encouraged to submit your abstract as early as possible. Instructions for the required information when submitting an abstract is provided at the website above. Presentations will be selected by the Conference Planning Committee based upon the relevance of the presentation to the conference theme, with consideration given to maintaining a diverse range of presentation subjects.

Please note that all attendees must register to attend, including speakers.

Any questions regarding the conference can be submitted to itsazinfo@itsaz.org.
