**GO WITH YOUR GUT: EFFECTIVE DECISION-  
MAKING IN AN OVER-THINKING WORLD**

Is valuable time wasted searching for just one more piece of information? Do you ever hear, "This is taking w-a-y too long?" When someone flies off the handle is time squandered doing damage control? Do you notice that sometimes data alone is not enough? Shelley's proven results show effective decision-making improves productivity, enhances teamwork and reduces stress.

The mission of ACTI is to facilitate the implementation of innovative technology, tactics and techniques among transportation program delivery professionals **to ensure smart, efficient investment in Arizona's highway and transportation infrastructure.**
